

ARCHITECTURE
WARREN & MAHONEY

20 February 1998

To whom it may concern,

Paul King worked for Architecture Warren and Mahoney for over 4 years between 1993 and 1998. I am pleased to say that for much of this period, Paul worked under my direction, and so I was happy to provide this reference.

Paul was employed primarily in a design/documentation role, although his involvement extended to briefing and observation work on some occasions, enabling him Register in 1997.

Paul's work spanned a good range of projects - amongst them Christchurch Casino, office refits, residential work, both alterations and new, and alterations and new work for healthcare institutions.

I found Paul to be an enthusiastic and challenging employee and workmate, whose work in the office always expressed thorough attention to detail and understanding of design principles.

His ability with computers, general ability to assimilate information and strong team ethic made him a valuable member of the office, who was always helpful and sincere in his efforts.

That he should feel the need to leave is indicative, I am sure, that he feels he will better achieve his career objectives in another setting, and I am confident that he can do so.

Yours faithfully

Bill Gregory, B. Arch (Hons), ARCUK, ANZIA
