

18 September 2001

TO WHOM IT MAY CONCERN

Paul has worked for us on a contract basis for most of 2001.

We have found Paul to be honest, reliable, enthusiastic, and very competent. He has fitted into our work environment very well, showing an ability to work with others as part of a team, as well as by himself to complete tasks with skill and initiative.

Paul's tasks have included presentation computer models and still images, CAD working drawings, and some developed design work.

Paul's great skill is in 3D computer rendering in both still and walk/fly through formats. He has put together 6 "movies" of designs for us.

We and our clients were very impressed with his work and we certainly would use him again.

I wish Paul all the best for his future career, and look forward to working with him again in the future.

Yours faithfully
